GENERAL EXPLANATION

This is the eighth year of the Annual Financial and Statistical Report in which data, gathered from each of the 66 parish/city districts, are located in one place rather than being spread throughout the report. This format aids readers interested in researching detailed information on a particular school district(s). A Louisiana STATE SUMMARY PROFILE precedes the individual district profiles and includes the same data but aggregated to the State level.

Please note that the entry NA, appearing throughout the profiles, refers to data not applicable from that district on that specific item. (Example: Reporting one K-8 nonpublic school, a parish would not be expected to report any nonpublic graduates.)

Please note that the entry NR, appearing throughout the profiles, refers to schools not reporting from that district on that specific item. (Example: Reporting at least one nonpublic school but not reporting any nonpublic graduates and/or registration.)

Also, please note that percentages for several items are computer generated and because of rounding, the sum of the percentages for some of these items may equal 99.9 or 100.1, rather than 100.0.

Footnotes are also found throughout the profiles referenced A through T. Instead of repeating each footnote for every profile, the footnotes are written once in this general explanation and are as follows:

A - Student registration reflects beginning registration for all Louisiana students and first-time registration for students previously enrolled in another state. These figures do not reflect gains and losses of registered students. Districts reporting at least one nonpublic school but having no nonpublic registration data show NR's where applicable.

B, E - The Bureau of Research thanks Mr. Larry Goux of the Board of Regents' staff for supplying the projection data on school registration for 1986-90. Please note that there are no projection figures for the districts of Monroe and Bogalusa; these figures are included in the parish figures for Ouachita and Washington.

C - The total public school registration figure in the State and parish profiles for 1985-86 includes no postgraduate students.

D - The Bureau of Research depends on the voluntary reporting of nonpublic student registration by the nonpublic schools in the districts. In some cases, nonpublic schools may not report data to the local district as requested thus resulting in an undercount of nonpublic students. NRs are shown where districts reported at least one nonpublic school but reported no nonpublic student data.

E - See B above.

F - These totals include special education students (and post-graduates when applicable). NRs are shown for nonpublic memberships where districts reported at least one nonpublic school but no nonpublic students.

G - The Bureau of Research depends on the voluntary reporting of nonpublic school graduates from nonpublic schools in the districts. In some cases, nonpublic schools may not report data thus resulting in an undercount of nonpublic graduates. It was brought to our attention for 1985-86 East Baton Rouge Parish reported an overcount of nonpublic graduates. NRs are shown for districts reporting at least one nonpublic school containing 12th grade but no nonpublic graduates.

H - This data was collected from the districts by the Bureau of Student Services, Louisiana Department of Education, and compiled by the Bureau of Research.

I - Other professional/technical personnel include part-time classroom teachers; speech and hearing therapists, other special education therapists; curriculum specialists, resource specialists, instructional specialists; guidance counselors; librarians; media specialists; physicians, nurses, dentists, hygienists, health services personnel; personnel specialists; social workers, psychologists, student workers; research, evaluation, testing specialists; data processing analysts,programmers, finance and accounting analysts; consultants, engineers,visiting teachers and all others.

J - Support staff includes office/clerical personnel: secretary - School Board, school secretaries, office assistants, bookkeepers, teacher/library aides, data entry/word processing staff, clerks, receptionists; crafts/trade and laborers: electricians, carpenters, plumbers, janitors, general maintenance; service workers: school lunch managers and workers, mechanics, school bus drivers, school transportation attendants, school crossing patrolmen and all others.

K - The Bureau of Research depends on the voluntary reporting of nonpublic school data by the nonpublic schools in the districts. In some cases, nonpublic schools may not report data thus resulting in an undercount in the number of nonpublic schools.

L - Actual dollar figures are reported by each local school district (Part II-A, Financial Statements, Annual Statistical Report) to the Bureau of Research.

M - The amounts indicated in the bonded indebtedness section are taken directly from the districts' Financial Statements. These statements are not derived from audited figures. Debt service amounts may be indicated as bonded debt in some instances.

N - School transportation cost data was obtained from the Louisiana Department of Education, Bureau of School Transportation, and includes data pertaining to R.S. 17:1941 et seq. Figures for average cost per student were computed by the Bureau of Research.

O - In Item 20, the districts were ranked in descending order (i.e. from the highest to the lowest) on all categories except one: the ratio of public students to teachers where the ranking was reversed.

P - Current expenditures include only instruction and support services.

Q - Only full-time classroom teachers are counted in computing this ratio.

R - This percentage is based on the number of public high school graduates from the previous year who went on to public four year institutions, private four year institutions, or junior colleges.

S - This ratio includes principals and assistant principals.

T - Per capita figures for the districts City of Monroe and City of Bogalusa are included in the parishes of Ouachita and Washington respectively.
